STS CITRUS
Safe-T-Solv | Solvent-Based Cleaner/Degreaser

Safe-T-Solv Citrus

Safe-T-Solv Citrus is an incredibly strong solvent degreaser. It contains terpenes to ensure aggressiveness against oil, dirt, adhesives, and tar. Safe-T-Solv Citrus leaves a pleasant citrus fragrance and contains no butyl or any chlorinated solvents such as methyl ethyl ketone or xylene. It's solid free and leaves no residue. STS Citrus can also be used for removing ink from painting equipment.

Directions: For your protection, wear safety glasses and butyl rubber gloves when using Safe-T-Solv Citrus. Engine Degreasing: Make sure the engine is not running and cool. Spray onto the engine and then wipe clean. Parts Washing: Follow the directions on the parts washer and follow the guidelines on the Safety Data Sheet. Floor Cleaning: Spray product onto the floor. Loosen the soil with brush, and then use dry oil absorbent to clean up or simply wipe away from the soil.

Specifications

- Specific gravity: 6.6 PPG
- Flash point: 145°F
- Boiling point: > 300°F
- Solubility in water: insoluble
- Evaporation rate: < 1

Applications

- Engine degreaser
- Tar remover
- Parts washing
- Metal cleaner
- Stainless steel injection mold cleaner

Availability
